Choose the text box then click and drag the circular arrow If you want the text facing the other way, use the Text Direction option on the Text Box Formatting ribbon.. Putting text along a curve is also possible within a Text Box Make your text within a Text Box then go to Formatting| WordArt Effects| Text Effects| Transform| Follow Path.. In PowerPoint 2007 and 2010, AutoShape is on the Home tab in the Drawing group Hold down the [Shift] key when you insert the AutoShape to force PowerPoint to draw a circle rather than an oval.. Curved text in PowerPoint Mac I have just installed office 365 but I cannot find how to curve text in powerpoint, it seems to be missing,Help! This thread is locked.
