You have to wait for what seems like ages to take your turn at the chopping block, and then when all that waiting is about to be blissfully over, a dragon appears.. I mean, you have to ride around in a cart for like eight days before you get to even create your character without the mod installed.. It's called "Alternate Start – Live Another Life" and it let's you start the game in a totally different scenario and setting.

A dragon we've all seen countless times (Credit: Arthmoor/Bethesda)Well, if you're about to jump back into Skyrim now that the Special Edition remaster is out,.. One mod that's available on all three platforms is pretty much essential for anyone who has already played Skyrim and doesn't want to drag themselves through the really slow, boring intro again.. There's a bunch of mods available for Skyrim: Special Edition on both consoles and PC.
